UNITED STATES GOVERNMENT

# *Memorandum*

TO : Staff

25X1A

DATE: 25 November 1964

FROM : DAD/S&D

SUBJECT:

Originally if you will recall the papers and copies of the papers pertaining to the items which were to be discussed by the Program Review Board were to be in hands of Committee members by Monday so that they could walk into the meeting in a state of something other than ignorance. Have we abandoned this idea? If the number of items to be considered increases as it probably will, I think the preliminary review procedure will be mandatory.
